Dear friend who has come from the Arabian Gulf / Middle East region...

Yousef Fittiani - known to many fellow Porscheists as one exceptional Porscheophile; an avid Porsche and Motorsports Collector who's been indulging on the Porsche Experience 'Globally' since 1990.

His exquisite assemblage of custom Porsche models focuses primarily on the GT race-bred manual variants, which are no 'Garage Queen'. Yousef enjoys driving every Porsche that he proudly owns everywhere and anytime, even the dazzling jewel of his collection; the Carrera GT.

Undoubtedly, Yousef is not Just a Porschphile – he has been also indefinitely promoting brand awareness. In 2003 with other enthusiasts, founded Porsche Club of Kuwait. Being the Co-founder and Vice President until 2013, he organized countless gatherings and excursions – there is, after all, no shortage of Porsche drivers in the Gulf region. And to make sure that it stays that way, Yousef has been enjoying 'everything Porsche' with his Pride and Joy – two kids, Ayda and Omer who accompany him to most Porsche events whether national or international.

We simply cant further elaborate on Yousef's Porsche love affair in few paragraphs. Therefore, for more insights, we suggest that you follow his Porsche and Family journey through his social media accounts
